

VIRTUAL LAUNCH CEREMONY

ATI - NORAD COOPERATION AND THE NEW RLSF STRUCTURE

TUESDAY, 1 MARCH, 2022

We are pleased to have you join us for a virtual launch ceremony as we welcome the Norwegian Agency for Development Cooperation (Norad) as one of ATI's strategic partners. This partnership will go a long way in enhancing ATI's Regional Liquidity Support Facility (RLSF) and increase support for the off-grid sector and other eligible forms of distributed renewable energy.

RLSF was launched in 2017 by ATI and the KfW Development Bank to address short-term liquidity risks in the financing of small and medium sized renewable energy projects in sub-Saharan Africa. The product has been enhanced to make its contractual structure simpler, cheaper and for the product to be easily deployed. Join us for an engaging session to find out more on the new RLSF structure and other de-risking tools that ATI is looking to develop.

TIME (GMT+3)	AGENDA
15:00 hrs.	Brief Recap on RLSF <i>Benjamin Mugisha, Chief Underwriting Officer, ATI</i>
15:05 hrs.	Launch of ATI and Norad Cooperation -Remarks from Manuel Moses, Chief Executive Officer, ATI -Remarks from Bård Vegar Solhjell, Director General, Norad -Remarks from Helmut Gauges, Senior Vice President, KfW
